Family Eligibility

Spouse, dependent children, parents, and grandparents on a single application. Write to us at enquiry@passpro.co and we will map the smoothest application path for your family.

Timing

Most well-prepared families receive a decision in six to eight months on average. Timing ultimately rests with the government's review, and we prepare every file to move as quickly as the programme allows.

Why Families Choose Dominica

- Operating continuously since 1993: the most settled donation route in the region.
- The most competitive single-applicant contribution among the five programmes.
- A disciplined due-diligence process that has protected the programme's standing for three decades.

A passport is a document. A plan is an asset.
